DES-1005A		The DES-1005A 5-Port 10/100 Switch allows you to quickly set up a fast, reliable, and efficient wired network in your home or office. The DES-1005A is an unmanaged 10/100Mbps switch designed to enhance small workgroup performance while providing a high level of flexibility. Powerful yet easy to use, this device allows users to simply plug any port to either a 10Mbps or 100Mbps network to multiply bandwidths, boost response time and satisfy heavy load demands. Connect the DES-1005A to multiple computers to share files and folders, or connect it to a router to share an Internet connection.	2,200,000 ریال
DES-1008A		The DES-1008A 8-Port 10/100 Switch is an 8-port 10/100Mbps Fast Ethernet switch that allows you to quickly set up a wired network. Connect the DES-1008A to multiple computers together to share files and folders, or connect it to a router to share an Internet connection.	2,650,000 ریال
DES-1024D		The DES-1024D 24-Port Fast Ethernet Unmanaged Desktop Switch is designed to enhance workgroup performance while providing a high level of flexibility. Powerful yet easy to use, this device allows users to simply plug any port to either a 10Mbps or 100Mbps network to multiply bandwidths, boost response time and satisfy heavy load demands.	10,650,000 ریال
DGS-1024D		The DGS-1024D brings the speed of Gigabit Ethernet to all ports for a truly high-speed network. Cable diagnostics troubleshooting 3-pin front panel DIP switch for real-time toggling Energy-efficient Ethernet (EEE), Flow Control, Port Isolation, and Storm Control Compact and durable housing, high port count, and fanless design for noise-free operation	call
DES-1016D		Eco-friendly and economical – Economical yet innovative design runs cool and quiet High speed networking – Fast Ethernet ports allow you to connect all your devices for fast file transfers and smooth media streaming Saves energy automatically – WEEE compliance reduces energy consumption without sacrificing performance Easy expansion – Expand your network to fast Ethernet connectivity to start enjoying fast downloads, smooth streaming media, and responsive online gaming	9,950,000 ریال
DES-1016A		Eco-friendly and economical – Economical yet innovative design runs cool and quiet High speed networking – Fast Ethernet ports allow you to connect all your devices for fast file transfers and smooth media streaming Saves energy automatically – WEEE compliance reduces energy consumption without sacrificing performance Easy expansion – Expand your network to fast Ethernet connectivity to start enjoying fast downloads, smooth streaming media, and responsive online gaming	6,500,000 ریال
DGS-105		The DGS-105 is a 5-Port Gigabit Switch that provides a quick, easy and economical way to add high speed networking to home offices, small and medium businesses. It has a compact design with metal case that is ideal for wiring closets, conference rooms or small offices. Use it on a flat surface or use the included wall mount kit.	5,600,000 ریال
DGS-108		The DGS-108 is an 8 Port Gigabit Ethernet switch that provides a cost-effective way for SOHO and SMB to create a small network and connect computers, wireless Access Points, IP cameras, network printers and other Ethernet devices quickly and easily without complicated configurations. This switch comes with 8 Gigabit Ethernet ports with an auto-sensing function to detect the maximum speed of the connected devices, allowing you to run your network with the best possible performance.	7,900,000 ریال

DGS-1016A		Installation is plug-and-play, as every port supports auto-MDI/MDI-X. DGS-1016A is an economical solution for bandwidth-intensive environments needing a compact desktop form factor. 16 Ports with Gigabit Ethernet Speed Revolutionary Design	ريال 18,500,000
DGS-1024A		The D-Link DGS-1024A is a 24-Port 10/100/1000Mbps switch that works with your current Ethernet network while allowing you to upgrade to gigabit speeds. 24 Ports with Gigabit Ethernet Speed Revolutionary Design Eco-Friendly	ريال 21,900,000
DGS-1005A		5 high-speed Gigabit ports Compact design for convenient placement Fanless design for silent operation Innovative D-Link Green energy saving features	ريال 4,100,000
DGS-1008A		8 high-speed Gigabit ports Compact design for convenient placement Fanless design for silent operation Innovative D-Link Green energy saving features	ريال 6,000,000
DGS-1008MP		Switch type: Unmanaged; basic switching RJ-45 Ethernet ports type: Gigabit Ethernet (10/100/1000) Network standard: IEEE 802.3ab, IEEE 802.3at, IEEE 802.3az, IEEE 802.3i, IEEE 802.3u, IEEE 802.3x MAC address table: 8000 entries, packet forwarding rate (1 Gbps): 14880 pps, packet forwarding rate (100 Mbps): 148800 pps; colour of product: Black, Form factor: 1U Offers PoE to 802.3af/at standard across all eight Gigabit Ethernet ports, at up to 30 Watts per port with a power budget total of 140 Watts No configuration is required and installation is quick and easy; support for Auto MDI/MDI-X on all ports eliminates the need for crossover cables when connecting to another switch	ريال 41,600,000
TP-LINK			
TL-SF1008D		TL-SF1008D 8-port 10/100Mbps Fast Ethernet Switch provides 8 10/100Mbps Auto-Negotiation RJ45 ports. All ports support Auto MDI/MDIX function, eliminating the need for crossover cables or Uplink ports. The Switch is Plug-and-Play and each port can be used as general ports or Uplink ports and can be simply plugged into a server, a hub or a switch, using straight cable or crossover cable. The TP-LINK TL-SF1008D 8-port 10/100M Fast Ethernet Switch provides you with a low-cost, easy-to-use, high-performance, seamless and standard upgrade to improve your old network to a 100Mbps network. It will boost your network performance up to full duplex data transfer. Its wire-speed switching that forwards packets can be as fast as the speed that your network delivers those packets to them.	call
TL-SG1008D		The TP-Link 8-Port Gigabit desktop switch TL-SG1008D provides you an easy way to make the transition to Gigabit Ethernet. Increase the speed of your network server and backbone connections, or make Gigabit to the desktop a reality. Moreover, TL-SG1008D adopts lower power consumption design. With the innovative energy-efficient technology, the TL-SG1008D can save up to 80%* of the power consumption, making it an eco-friendly solution for your home or office network.	call
DES-F1006P-E/E		4 x 10/100 Mbps Fast Ethernet Ports 2 x 10/100 Mbps Uplink Port Power-over-Ethernet (60W) Flow control for protection against data loss Maximum distance of 250m QoS Capabilities Surge protection (6kV) Operating Temperature: 0 to 40°C	call
